# What is your level of spiritual awareness?

Are you a believer, a doubter or a seeker?

(Victoria, BC) – In Bud Carroll’s new book, *The Third Path: Breaching the Materialistic Wall, Grow in Spiritual Awareness of Life Here and Hereafter*, he says the following might be the thoughts of those at different levels of spiritual awareness as they walk through a rose garden:

**I want:** I wonder how much I could get for these roses.

**I believe:** God created roses when he created the world and everything in it.

**I doubt:** Roses evolved from wild flowering shrubs, but most garden varieties are hybrids.

**I seek:** How could anything as beautiful as a rose happen purely by chance?

**I know:** Roses, like all life on Earth, are physical manifestations of spirit.

**Are you a seeker?** If you are, this book will change your life if you let it.

Bud Carroll is a psychic medium. He says there is a common misconception that spirituality is a religion. It’s not. Spirituality is simply the opposite of materialism. We are all governed by the Laws of Life; the physical and spiritual laws of the Universe. Materialism is flawed finite death. Spirituality is perfect infinite life.

He says humankind’s First Path was religion. It would be several thousand years before materialistic science, the Second Path, would be widely accepted. Even though spirituality has always been with us, and will be with us throughout eternity, it has only come to the fore in recent decades due to a greater number of people searching for meaning in life. Spirituality is the Third Path; the truth.

“When I finished reading this book, all I could say was WOW! What a stunning piece of literary work,” says Jerry Issa, teacher of metaphysics in Trenton, Michigan. “It is concise, brilliantly written, backed by scientific findings, with clear human logic and intelligence. If this doesn’t awaken the masses to delve into who and what they truly are, I can’t imagine what will.”
